

Back to Business

We are coming to the end of our business lockdown period and we hope you have remained safe and well.

All have been busy in the background preparing to re-open and making our Barber shop as clean and as safe as possible for us to be of service to you again.

Our hygiene certification and practises have been updated to comply to Covid-19 Regulation with industry leading disinfection company [Barbicide](#), to cleanse and protect our barber stations and equipment between each client.

Disposable gowns, aprons, face masks and shields and Hypaclean hand sanitiser will be used to protect us all.

An **Appointment only** system is now in operation **Mon – Sat from 7am – 5pm** and you can call the shop on **01799 527646** or find us on [facebook](#) to book.

Please be advised that this is **strictly a 30-minute** booking and there will be a **£4.00 surcharge** on all prices to cover increased operating costs at this unprecedented time.

Some services will not be available such as beard trims, shaves, shampoo and blow dry until further notice.

We will do all we can to make you feel welcome but above all, safe, to come and have your haircut with us, **but ask that you do not attend you're appointment should you have any symptoms or fever of illness, been in contact with someone who is a confirmed case of coronavirus, or have been out of the UK in the last 14 days.**

Den, Dave, Ivan & Oli look forward to welcoming you back to the barbers
